## CAREER OBJECTIVE

---

To work in an enthusiastic work environment by using my knowledge and skills to accomplish the organizational goals.

## WORK EXPERIENCE

---

### Accenture Pvt Limited, Bengaluru

#### Full Stack Developer (Dot Net)

Dec 2020 – May 2022

- Developed and maintained **.NET-based applications using C#, .NET Framework, SQL Server, and Azure.**
- Designed and implemented data migration solutions from **SAP to Microsoft Dynamics 365.**
- Built RESTful APIs and automation scripts **using C# and XSLT to process XML and JSON data.**
- Deployed cloud-based solutions using **Microsoft Azure Logic Apps** to enhance data integration workflows.
- Optimized SQL queries for data validation and performance improvements.
- Collaborated with cross-functional teams to ensure seamless data transformation and integration.

### Besant Technologies, Bengaluru

#### Full Stack Developer (Dot Net)

- Built full-stack web applications using **.NET Core, ReactJS, SQL Server, and JavaScript.**
- Developed and deployed REST APIs for CRUD operations and user authentication.
- Designed responsive front-end interfaces using **ReactJS, HTML, CSS, and Bootstrap.**
- Integrated backend APIs with front-end components to create dynamic and interactive user experiences.
- Implemented authentication and authorization mechanisms using **JWT and ASP.NET Identity.**
- Worked on database design and stored procedures to handle efficient data retrieval.

## Projects

---

### Project: Coco Cola (Client: Microsoft) (Duration: Dec, 2020 – May, 2022)

- Led a project to migrate SAP data to Microsoft Dynamics 365, ensuring seamless integration with enterprise systems.
- Designed source and target schemas using C# and SQL for efficient data transformation.
- Developed and optimized SQL queries for data validation and integrity checks.
- Utilized Microsoft Azure Logic Apps to automate data processing and integration workflows.
- Using C# created the mappings and xslts in Microsoft Visual Studio.

### Internship : IVisa Online Web App – Internship Project (Duration: Sep, 2024-March, 2025)

- Designed and developed an online visa application system using ASP.NET Web App, MySQL, HTML, CSS, and Bootstrap.
- Implemented functionalities like user registration, visa form submission, and tracking of application status.
- Integrated front-end with MySQL database for efficient storage and retrieval of user and application data.
- Developed a responsive and user-friendly UI using Bootstrap, ensuring compatibility across devices.
- Utilized ASP.NET Web Forms for seamless navigation and form processing.
- Deployed the application to a cloud server for real-time access.

## Skills

---

- **Programming & Frameworks** : C#, .NET Core, .NET Framework, ASP.NET MVC, Web API, Entity Framework
- **Frontend Technologies** : ReactJS, JavaScript, HTML, CSS, Bootstrap
- **Databases & Query Languages** : Microsoft SQL Server, MySQL, SQL Queries, Stored Procedures
- **Cloud & DevOps** : Microsoft Azure (Logic Apps, App Services, Blob Storage), Git, Postman
- **Tools & IDEs** : Microsoft Visual Studio, VS Code, SQL Server Management Studio, Jupiter Notebook, Pycharm

## Certifications

---

- AZ – 900 : Microsoft Azure Fundamentals
- AZ – 203 : Microsoft Certified: Azure Data Engineer Associate
- Internship - "**Dot NET Full Stack Web Developer**" 6-Month Training Program at Besant Technologies, Jayanagar, Bengaluru.

## Education

---

- JSS Academy Of Technical Education , Bengaluru { VTU University - Belagavi }  
Bachelor of Engineering – 7.00 GPA July 2016 – June 2020
