- Databases : MS SQL Server 2008,2014,2016,2018
- Development Tools : MS Visual Studio .Net 2017,2019,2022
- Version Tool : GitHub, SourceTree, Jenkins

Work Experience and Project

Software Engineer, Oct 2021 – till date.

First Advantage

Screening Direct Application Development:

Technology : .Net, API's, SQL/Procedure

Role : SD Developer

Location: Remote

Team Size: 4

Description: Screening Direct Application is a tool that provides businesses with a fast, easy, and direct way to perform background checks on job candidates. This service allows employers to access and manage a variety of pre-employment screening tools, such as criminal history checks, employment verification, education verification, and other assessments needed for a comprehensive background check. Screening Direct is designed to streamline the hiring process by allowing employers to directly order background checks online, often with an intuitive interface and faster turnaround times. It helps ensure that candidates meet the company's requirements and reduce the risk of hiring individuals who might not be suitable for a role based on their background. If you're using First Advantage's Screening Direct, you can usually expect a user-friendly experience for managing multiple candidates, simplifying the process of gathering information, and improving the efficiency of hiring decisions.

Roles and Responsibilities:

- As a Team Member, we typically focus on building, maintaining, and enhancing the platform's systems and features to ensure smooth and efficient background screening processes.
- As a part of Team, we are **responsible for integrating background screening services (e.g., criminal checks, employment verification, etc.) with existing systems and external databases.**
- As part of Team, I was mainly responsible for solving **high priority production bugs stories** and closing on time within very short notice.
- Worked in the **Code change as per the story requirements.**
- As a part of Team, I always need to Ensure that the platform remains up-to-date with the latest technologies, security patches, and regulatory requirements. Example- Solving critical and high Depend Bot alerts, resolve vulnerabilities for all the SD application and Api's.
- Tracked the daily progress of Defect Solving and used to share the report to Business at regular basis on behalf of team.

Achievements

Won **3 times KUDOS AWARD from Client** Sterling.

Appreciation from client for picking up the **high priority stories** and closing on time within very short notice.

Like to play Cricket, Badminton.

Love to listen songs.

Education Qualification

81% in Post Graduate in Master of Computer Applications From Assam Don Bosco University in 2021.

75% in Graduate in Bachelor of Computer Applications From Assam Don Bosco University in 2019.

Intermediate with 60% under The Little Stars Senior Secondary School in 2016.

SSC with 64% under The Little Stars Senior Secondary School in 2014.

Personal Details

Name	: Saurav Dutta
