Full stack Dot Net developer

Full Stack .NET Developer with 3+ years of experience in C#, .NET Core, Angular, SQL, and Entity Framework. Skilled in building scalable, secure web applications with unit testing (xUnit, NUnit), and SOLID principles. Experienced in Azure Cloud (Functions, App Services, SQL) and Agile/Scrum development. Strong problem-solver and team player.

Skills

Programming Languages: C#

Frameworks: .Net Core, ASP.Net MVC, .Net Web API, Entity Framework Core, ADO .Net, LINQ, Angular.

Database Technologies: SQL, MS SQL

Tools & IDEs: Git, Visual Studio code, Postman

Development Practices: OOP, Solid Principles.

Frontend technologies: Html, CSS

Cloud technologies: Microsoft Azure

Professional Experience

Capgemini Technology Services Ltd., India

Jun 2022- Present

Analyst, Bangalore

Roles and Responsibilities:

- Worked in a Scrum team following Agile methodologies, participating in daily stand-ups, sprint planning, and retrospectives.
- Developed microservices-based applications using .NET Core, C#, and SQL Server, ensuring scalable and high-performance solutions.
- Built dynamic frontend applications using Angular, TypeScript, and JavaScript, integrating with RESTful APIs.
- Deployed applications on Azure Cloud, leveraging services like Azure App Services, Azure Functions, and Azure SQL Database.
- Used JIRA & Azure DevOps for backlog grooming, sprint tracking, and bug management.
- Implemented Unit Tests & Integration Tests using xUnit, and NUnit achieving 85% code coverage.
- Optimized SQL queries & stored procedures to enhance database performance and reduce query execution time.

Capgemini Technology Services Ltd., India

Jan 2022 - Apr 2022

Intern Trainee, Bangalore

Roles and Responsibilities:

- Trained and gained expertise in .NET Core, C#, and SQL for developing scalable and high-performance applications.
- Implemented web applications using .NET Core and C#, ensuring seamless integration between front-end and back-end components.

Projects

Capgemini, Blood Bank Management System

- Developed a .NET Full Stack Web Application for a Blood Bank System using .NET Web API for the back end, Angular for the front end, and SQL for the database.

Education

Vardhaman college of engineering, Bachelors in Electronics and communication Engineering, Jun 2018 - Dec 2022

Narayana Junior college, Intermediate in MPC, Jun 2016 - May 2018
