Sujit Prabhakaran

Senior Software Engineer | Bengaluru

Summary

Senior Software Engineer .NET with 17.5 yrs experience. My primary skills and experience are on ASP.NET, MVC, VB.NET, C# and SQL Server. In addition to these I have also used GitHub, Azure Repos, TFS, Automapper, Entity Framework, Angular, .NET Core and LINQ. Worked on both Windows and Web applications. In addition to Coding and Unit Testing worked on mentoring team mates, breaking down User Stories into tasks and providing estimates. Worked on Windows Service, Web Service, WCF and Rest Webapis. Involved in identifying performance bottlenecks in the application by using Visual Studio Profiler, SQL Server Profiler, Error logging and implementing coding standards. Worked on IIS Application Pools and settings, Connection Pooling and Asynchronous programming. Made use of Repository Pattern, DI, Ajax and partial postback, Single Page Application, Output Caching and Paging to remarkably improve performance. Used Reporting tools like Crystal Reports, SSRS to extract data.
